ORGANIZATION IN COUNTY IS FIRST

Bankers Will Have to Form Associations Before Organizing Along Iowa Plan

TO THWART BANK BANDITS

Scheme Being Taken up in State
Endorsed by Group 6, Attended
by Local Bankers

Formation of a Rush county organization of bankers will be the next step if the Iowa plan to curb bank banditry, which was endorsed at the Group 6 meeting of the Indiana Bankers Association near Greensburg Thursday, is attempted in this county.

Rush county bankers were organized during the war to promote sales of government bonds and war savings stamps, but since that time the organization has not been functioning, and a reorganization will have to be effected if anything is accomplished along this line, it is said.

Bert Benner, president of the First National Bank of Mays, has been suggested as president of a county organization and it is stated that he is interviewing Rush county bankers to learn their sentiment regarding the vigilante committees.

All of the banks in the county, with the exception of the Rush County National of this city, the Manilla, Carthage and Falmouth banks were represented at the Group 6 meeting, which was held at Allen's Amuse-U park west of Greensburg.

Rush county bankers attending were as follows: Wilbur Stiers, J. L. Cowing, Alvan Moor, John A. Tisworth and Albert Winship of the Rushville National bank, Glen Foster of the American National bank, Bert Trubee of the Farmers Trust company, Bert Benner of the Mays bank, Clarence Brown of the Milroy bank, Lloyd Nelson of the First National Bank of Milroy, Tom Kelso and Edgar Stiers of the New Salem bank, Earl Downey of the Arlington bank and Tom Richardson of the Glenwood bank.

Ross C. Saunders, ex-chief of police of Des Moines, Iowa, originator of the plan to protect banks against holdups, spoke to the Group 6 meeting before the resolution of endorsement was passed. He advocated organization of groups of citizens trained in the use of firearms and deputized as aids to law enforcement officials.

Mr. Saunders told of the success of this plan in fighting bank bandits in Iowa. A. C. Brown of Greencastle urged adoption of the protective plan on a state-wide scope. William H. Kershner, adjutant general of Indiana, pledged the support of the National Guard in eradicating bank robberies.

Nearly five hundred bankers and their families from the district assembled at the park for the convention. The Decatur County Bankers' Association was host to the visitors at a noon banquet at the park pavilion.

The meeting was called to order by C. P. Gausman of Dillsboro, district chairman. Charles V. Spencer of Clarksburg, president of the Decatur County Bankers' Association, welcomed the visitors. J. V. Carpenter, president of the Indiana Bankers' Association, extended greetings to the district bankers. (Continued on Page Three.)

FOUR MEMBERS OF CLUB GOING

Rushville Rotarian to Attend International Convention at Cleveland

The Rushville Rotary club will be represented by four members, including three officers, at the sixteenth annual convention of Rotary International, which convenes at Cleveland, Ohio, next Monday, and continue until Friday.

The local delegation will be composed of George J. Griesser, president; Donald D. Ball, secretary; H. B. Allman, members of the board of directors, and E. R. Casady, former director.

DIES SOUTH OF GREENSBURG

Thomas Younger, Age 56, Formerly Resided in Rushville

Thomas Younger, age 56, formerly of this city, died early this morning at his home eight miles south of Greensburg, where he had been living for four years, moving from this city. He had been ill for sometime, but his death was rather sudden and unexpected. Funeral arrangements were not completed today, but his body will be brought here for burial, and services will be announced later.

He is survived by his wife, and his father, A. M. Younger, 828 West Tenth street, this city. He also leaves two children by a former marriage, Davis Younger of this city and Mrs. Sallie Handy of Indianapolis. Two sisters and two brothers also survive. They are Mr. Milton Perry and Mrs. Frank McFarland of this city, Chaley Younger of Ohio and John Younger of Kentucky.

BUILDING COMMITTEE MEETS AN ARCHITECT

Plans Going Forward for Erection of New School Building, With Preliminary Step Taken

ASSOCIATION TO BE AN AID

The building committee of the Rushville Public School Athletic association went to Indianapolis today to consult with an architect regarding plans for a new school building, which will house the Rushville high school gymnasium.

The architect has been selected and will go ahead with plans for the building if a contract to be submitted to him today is signed. He has been in consultation with the building committee of the association, which will co-operate with the Rushville school board in the erection of a building, and understands just what is desired here.

Articles of incorporation for the association will be filed shortly, incorporating it as a non-profit corporation, which will collect money pledged as loans without interest for the erection of a gymnasium, and have charge of repaying the loans from net receipts of athletic contests held in the gymnasium.

It was decided this week that the cheapest and best way to erect a gymnasium and still have part of it available for school classes, would be for the school board to issue bonds to pay for half of the building, and the board has taken the preliminary steps to do this. The building will be more than a gymnasium, as there will be provisions for vocational class rooms and provide adequate room for physical education.

Although County Quota is Filled, Others May Apply for Citizens' Training Camp

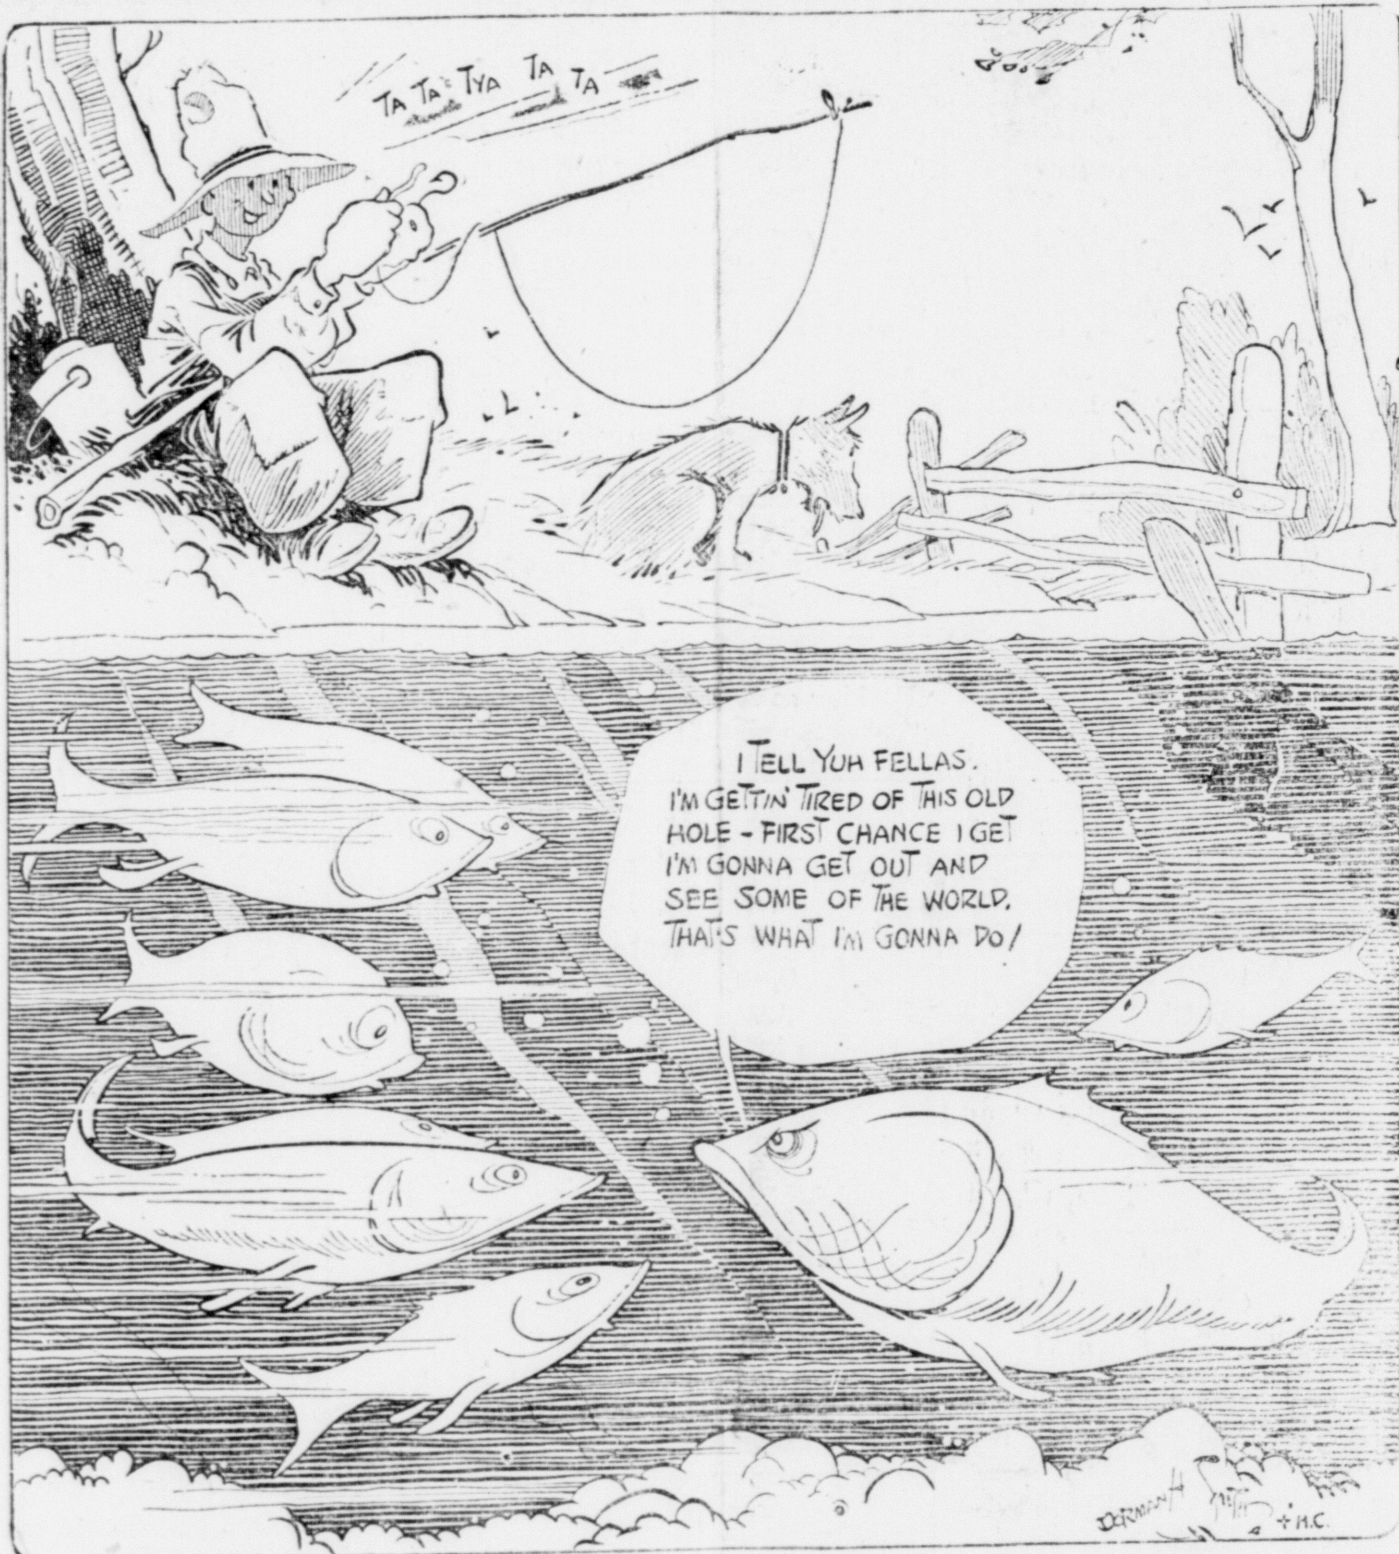

SHOULD SEE H. B. ALLMAN

Although the quota for Rush county had already been filled for the Citizens' Military training camp, more applications will be received until Tuesday, according to word received today from the state chairman of Indianapolis.

The quota from this county was first listed as eight, but because other counties have not reached their allotment, it leaves applications unfilled, and any others desiring to attend the camp this summer should consult at once with H. B. Allman, city school superintendent. The Citizens' Military training camps combine pleasure, recreation and a constructive educational program, all in one. A month spent in one of these camps will prove invaluable to any young man, according to Mr. Allman. The entire expense of the camp is paid by the government, thus giving to every applicant accepted, a month of vacation under the most wholesome and stimulating conditions.

The camp at Ft. Benjamin Harrison begins July 8 and closes August 6. The one at Camp Knox extends from July 1 to 30.

THE URGE OF THE WANDERLUST

CHANGE IN DATES IS SATISFACTORY TO JUDGE

C. E. Troyer of LaFontaine, Ind., Writes That he Will be Here for County Corn Show

CALLS IT BEST EVER HELD

Word has been received from C. E. Troyer of LaFontaine, Wabash county, who acted as judge at the last Rush County Corn Show and who has been engaged for this year's show, that a change in date will be satisfactory to him. The show will be held December 10, 11 and 12.

Mr. Troyer stated, in accepting the change in date, that he would be here ready to begin judging when the time for entries closed and would remain until all of the corn had been judged.

"Last year's show," he wrote, referring to the Rush county event, "was the best ever staged by a county. From present plans, the next show should be considerably better. Rush county is coming fast."

This statement from a corn grower who has been international corn king is regarded as a compliment to Rush county. The show will be on a much larger scale next December because of the Rush County Boys' Corn Club show, which will be an added feature.

GOV. JACKSON DECLINES TO ACT

Says Indiana Will Not Accept Defense Day Invitation For July 4

Indianapolis, Ind., June 12—Governor Jackson today declined the invitation of the war department for Indiana to participate officially in Defense Day, July 4.

He gave lack of sufficient time to prepare for the event as reason for refusal.

"After conference with the officers of the military department of the state and the reserve officers organization, it is the unanimous opinion that we would not have time to make adequate preparation" Governor Jackson said in a letter to Dwight F. Davis, acting secretary of war.

W. S. STONE DIES

Cleveland, Ohio, June 12—Warren S. Stone, president of the Brotherhood of Locomotive Engineers and the Brotherhood Locomotive Engineer's Cooperative bank and interested in a number of other labor banks, died here today after a long illness.

GOT TYPHOID FROM OYSTERS, DEFENSE

Dr. Rufus Stolp Testifies Billy McClintock Admitted Them Before He Became Ill

ATTENDED YOUTHFUL HEIR

Co-Guardian Says He Had Difficulty Keeping Trace of Boy, Due to Shepherd's Actions

Chicago, Ill., June 12—Attorneys for William D. Shepherd today attempted to show that Billy McClintock died from typhoid fever contracted through eating raw oysters.

Through cross examination of Dr. Rufus Stolp who attended Billy during his fatal illness, it was brought out that Billy admitted eating oysters before he became violently ill.

"How long in your judgment does it take for typhoid fever germs to show their effect?" Dr. Stolp was asked.

"From one to two weeks," Shepherd, who is accused of murdering his wealthy ward by feeding him typhoid fever germs, leaned back in his chair and grinned at the witness.

It is Shepherd's contention that Billy's illness was contracted by eating a banquet with his fiancée, Miss Isabelle Pope, at which raw oysters were served.

Dr. Stolp had been called as a state's witness and told of Billy's first symptoms. He said he did not suspect typhoid fever until the case was far advanced.

"Later, I was convinced," the witness said, "that the young man was suffering a very malignant case of typhoid fever."

William Scott Stewart, Shepherd's chief counsel, claimed the physician's testimony as an important defense victory especially when Dr. Stolp admitted that there was an epidemic of typhoid fever in the neighborhood of Billy's home.

Dr. James Herriek, a typhoid specialist, who was called in to assist Dr. Stolp during Billy's illness was the net witness. His testimony was largely a corroboration of Stolp's statements and again Shepherd's lawyers claimed a victory.

The story of Billy's boyhood was related from the witness stand by one of Billy's guardians, who is testifying in an effort to prove that his ward was killed by Shepherd, husband of the youth's second guardian.

TERRIFIC RAIN STORMS AND WIND DAMAGE CROPS

Minnesota, Iowa, Nebraska, Wisconsin and Kansas Swept by Cloudburst During Night

SHOWERS ARE PREDICTED

Chicago, June 12—Hundreds of thousands of dollars damage was reported to crops throughout the midwest today, as the result of terrific rains, storms and strong winds last night.

Thirty six hours of rain in which hail was freely interspersed, deluged southern Minnesota, causing \$250,000 damage to truck gardens.

At Charles City, Iowa, and throughout the north central section of the Hawkeye state, the weather bureau reported four inches of rainfall. At Sioux City, Iowa, and in eastern Nebraska, the wind reached a velocity of 60 miles an hour and uprooted trees, sign boards and early grain.

Throughout the southwest and central portion of Wisconsin, the rain doused the country in cloudburst portions, while violent thunderstorms with a heavy play of lightning hit Kansas.

Cooler weather Saturday was the prediction today, following a rise in temperature during the night. A strong breeze today helped make the atmosphere agreeable.

Thunder showers are forecast for tonight. Truck gardeners and farmers were hoping for a general rain because crops are being badly damaged by the drought.

CAMP DIRECTOR WILL SPEAK

Herbert A. Pettijohn of Muncie to Explain Boys Camp Project

Herbert A. Pettijohn, boys' work secretary of the Muncie Y. M. C. A., and director of Camp Croswley for boys, on Lake Tippecanoe, will speak at a public meeting in the Graham Annex auditorium this evening at 7:30 o'clock. His address will be supplemented by a motion picture made at Camp Croswley, which shows the activities of the boys and the way the camp is equipped. The camp will be held this summer for the eleventh successive season.

Boys of Rushville and vicinity will be given an opportunity to attend, and those who are interested are requested to be present tonight and hear the details of the plan. Parents of boys who wish to go are also requested to be present.

ARLINGTON TO BUILD ADDITION TO SCHOOL

Improvement Necessary for High School to Retain its Commission From State Department

CLASS ROOMS CONGESTED

The advisory board of Posey township and J. Hampton Reeves, the township trustee, are contemplating enlargement of the school at Arlington, according to a notice of the proposed bond issue as filed and published.

The remodeling or enlargement of school facilities in the township is made necessary if the consolidated school is to retain its high school commission from the state department, as notice to that effect was served some time ago.

The proposed expenditure on the Arlington school is for \$45,000, and plans call for an addition to the present school in order to meet the requirements of the state department and remove the congested class rooms. The new portion will be in the form of a wing, or an addition to the present building.

The commission for the school will be revoked this year unless the school authorities provide more room, and steps along this line are being taken to retain the commission.

REVOLT AGAINST RULE OF CHRISTIANS IS SEEN

Moslems of Africa and Confucians and Buddhists of Asia Focal Point of Trouble

CHINESE WANT MORE POWER

The Moslems of Africa and Confucians and Buddhists of Asia are the focal point today of the most serious trouble facing the Christian world.

The Moslem Moroccans are in revolt against the rule of the Christian French and Spanish.

With rioting and bloodshed in Shanghai and Hankow, civil war about Canton, the Chinese are rising in protest and reaching out for new power against the domination of all Christian nations, including America, which have established footholds in Chinese territory.

It is an unprecedented international situation and is being met by unprecedented procedures. Premier Painleve went by airplane from France to Morocco to investigate fighting conditions there.

Following him by air was A. L. Bradford, United Press Paris manager. Bradford accompanied the French premier today from Fez to Ain Aicha, as he continues his conferences with the French military leaders, Bradford is the only American correspondent with Premier Painleve.

TO INSTALL A LODGE

A Modern Woodman lodge will be installed at Arlington, with the charter and degree being conferred on July 14. The work will be in charge of the Rushville lodge. Arlington had a Woodman charter about 20 years ago, and a large class will receive the work when the new charter is granted next month.

POLICE ORDER IS "SHOOT TO KILL"

Suburbs and Outlying Banks in Indiana Being Closely Guarded by Details of Policemen

ABANDONED AUTO FOUND

No Trace, However, of Youthful Bandits Who Held up Sixteenth Branch Bank Thursday

(By United Press)

Indianapolis, Ind., June 12—Suburbs and outlying banks in Indianapolis were closely guarded today by picked details of policemen armed with sawed off shotguns and under orders to shoot to kill.

Orders for drastic steps to protect Indianapolis banks from bandits were issued by Mayor Shank late yesterday after a conference with bank officials and the board of public safety.

The mayor planned to draft thirty men from the fire department and reduce the number of policemen assigned to traffic work to increase the squads assigned to bank protection work.

A detail of twelve detectives went through the underworld districts of Indianapolis hunting suspects in the holdup of the Sixteenth street branch of the Fletcher Savings and Trust company yesterday.

Five state policemen were assigned to watch all roads leading out of Indianapolis for the two youthful bandits who escaped with \$3,100 from the bank.

The auto in which the bandits fled was found abandoned in a residential district late yesterday, but no trace has been found of the two men.

Mayor Shank scored the police department for hunting women who overparked their autos and "letting bank bandits get away without a struggle."

"This is a mighty bad thing for Indianapolis," Shank said, "and the bandits are getting bolder all the time."

"If there is another bank robbery in Indianapolis soon somebody is going to catch hell."

Meanwhile, officials of the Indiana Bankers Association hastened plans for organization of vigilante groups in every county of the state.

Nine counties have already perfected their organizations and within two weeks the groups will be formed in the remaining counties.

Members of the vigilante committees will be trained in marksmanship and clothed with full police powers.

A reward of \$1,000 will be offered by the Indiana Bankers Association in each county of the state for the capture dead or alive, of any bank bandit.

Special rewards will be given telephone and telegraph operators aiding in spreading the news of bank holdups.

The total rewards offered will be nearly \$100,000 officials of the association said.

Under direction of William Kershner, adjutant general of the Indiana National Guard, guardsmen were being enrolled for special duty until the vigilante committees are organized.

It is planned to hold a dozen

WANTS STATE TO REVEAL CASE

Attorney of Stevenson and Aids Argue for Evidence

Noblesville, Ind., June 12—Striving to force the state to reveal its most important evidence, defense attorneys in the Stephenson murder case today argued in Hamilton county court in support of a motion to compel the prosecution to turn over the death bed statement of Miss Madge Oberholzer.

The defense is seeking the statement to prepare its fight next week on a move to secure the release on bail of D. C. Stephenson, Earl Klenek and Earl Gentry, charged with murder for the death of Miss Oberholzer.

William H. Remy, prosecutor of Marion county, bitterly opposed the defense move. He argued that the defense had no right to inspect evidence of the state in order to build up its case.

Alexander Reichmann, an attorney who had control of the McClintock estate and was co-guardian of Billy with Mrs. Shepherd, was recalled by State's Attorney Robert E. Crowe to tell more about Billy and his care under the Shepherds.

Under the fire of questioning yesterday, Reichmann told the jury he had found difficulty in keeping a watch on the wealthy young ward because the Shepherds "insisted upon dragging him around all over the country on pleasure jaunts." His testimony was obtained with difficulty over vigorous objections by Shepherd's attorneys.

Rollin A. Turner of Greensburg delivered an address on "Good Citizenship." During the afternoon several musical selections and readings were given by Greensburg people.

At the annual business session officers for the ensuing year were elected as follows: Walter W. Bonner, Greensburg, president; Walter Hungerford, Shelbyville, secretary; Charles F. Gausman, Dillsboro, member of the nominating committee; Louis E. Goodrich, Shelbyville; Claude Kitterman, Cambridge City; Charles Dehmer, Columbus; Frank Riley, Vevay, and Clifford Benish, Butler, members of the executive committee.

The newly elected president is cashier of the Third National bank of Greensburg, and served as secretary of the district association during the last year. The 1925 meeting will be held at Shelbyville.

guardsmen in readiness for immediate service in each community to chase bank bandits and later to use the guardsmen as the nucleus for the vigilante committees.

Fifty guardsmen are being enrolled in Indianapolis for service in the war on bandits, and Kokomo has already mustered a detachment. A dozen special operatives have been added to the staff of the protective division of the Indiana Bankers association.

Guard Plans Dropped

Indianapolis, Ind., June 12—Plans for swinging national guard troops into action against bank bandits in Indiana have been dropped for the present, it was learned today at the state house.

Several high officials of the guard, including Major General Robert H. Tyndall and Col. Robert Axtelle, went in conference with adjutant General Kershner on the situation.

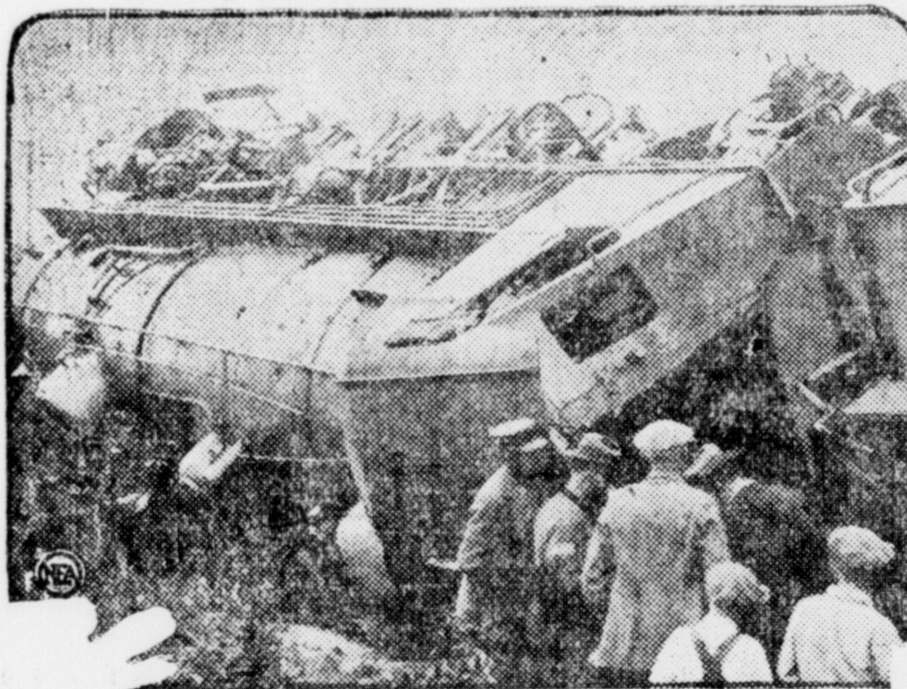

Cass County Banks Organize

Logansport, Ind., June 12—Cass county bankers have appropriated \$25,000 to equip county banks with a silent alarm system and purchase guns to battle bank bandits.

Special Officers Armed

Franklin, Ind., June 12—Sixteen special officers armed with rifles were hired today to patrol Johnson county to aid in the statewide campaign to curb bank banditry.

All Because of a Cow!

And this all happened because a cow was on the track! A Frisco flyer, eastbound, struck bossy near Bristow, Okla., and promptly went into the ditch. Luckily, only the engineer, J. W. Binkley, was hurt. Oh yes, and they're still looking for the cow.

Deliverance Amid Trials:
When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire thou shalt not be burned; neither shall the flame kindle upon thee. Isaiah 43:2.

Prayer:—Our Father, we thank Thee that Thou art our refuge and strength, a very present help in trouble.

Safeguarding Payrolls

Thirty-two men shot down, and \$1,500,000 in cash stolen! That is twelve months' toll of the payroll bandit—a toll that is all the more appalling because payroll banditry falls within the category of preventable crimes.

The loss of millions of dollars annually through various forms of commercial fraud is attracting the serious study of the American business man. Fiduciary bonds are being used to protect against embezzlement. Stock frauds are being attacked through "blue sky" legislation. Mechanical devices, safety papers and insurance are combining to defeat the forger. National organizations and the courts are waging relentless war on credit frauds. Neither insurance, legislation nor the courts can save the victim of the bandit's gun, however. That is why industries throughout the United States are turning to the bank check, instead of currency, in meeting payrolls.

It is indeed a happy combination of circumstances that the payroll check should carry with it substantial benefits in addition to its effectiveness in cheating the bandit. The check system, according to reports of industries and business organizations of national importance, saves time for employer and employee in disbursing the pay-roll; eliminates errors and simplifies the keeping of a permanent record of wages paid; protects employees from losses due to lost or stolen pay envelopes; builds bank balances; encourages thrift and ultimately home ownership; and cement friendly relations between employer and employee.

The fact that some of the country's largest industries are using the check plan successfully is a striking tribute to its practicability. The added fact that fancied objections on the part of employer or employee, or both, have almost invariably been dissipated when the plan was actually tried out, is still more eloquent testimony to its real business usefulness.

Earning Capacity of Roads

The Department of Agriculture estimates that Our Country has between 450,000 and 475,000 miles of surfaced roads. The report calls attention to certain wrong ideas

Roots and Herbs Used In Medicine

The Lydia E. Pinkham Medicine Co., of Lynn, Mass., is recognized as the greatest user of roots and herbs in the world. Over half a million pounds are used annually in manufacturing Lydia E. Pinkham's Vegetable Compound. These herbs are gathered with the greatest care at the season of the year when the medicinal elements which they contain are at their best. This, in part, accounts for the wonderful efficiency of Lydia E. Pinkham's Vegetable Compound in restoring ailing women to health and strength.

that are current about road improvement.

"For the movement of every vehicle over a road, there is a certain cost, which is less if the road be improved than if it be left in a state of nature. Logically, therefore, the limit that should be placed on expenditures for road improvement is the amount that can be saved in vehicular operating costs. All roads should be improved to the maximum degree that their traffic justifies, but no road should be improved beyond its earning capacity."

Another mistaken idea is that there is such a thing as a permanent road. However state highway departments now understand that all roads, regardless of type, gradually depreciate and wear out under the wheels of vehicles and action of the weather. Some types wear longer than others and highway engineers are constantly endeavoring to determine which wear longest.

Stewart's Washington Letter

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON—Nobody home. That's the hot weather rule in Washington—the almost invariable rule, so far as persons of the slightest importance are concerned, officially or socially.

There probably isn't another city in the world which empties itself so completely during the summer. For one thing, it's mighty hot. For another, it's the fashion.

To be caught here in June, July or August is disgraceful—if you amount to anything.

Not but what government business goes on as usual, but it's transacted by assistants.

They understand it better, on an average, than the department heads. Many of them have spent lifetimes on the jobs they handle. Their bosses are just serving comparatively short political terms.

As for actual accomplishment, there doubtless is more of it right now than with all the impressive chiefs on hand to butt into matters they're unfamiliar with.

But if, for some reason or other, you do want to see one of these exalted individuals, his office in Washington's the last place where you're likely to find him at present.

Try Bar Harbor, Newport, Atlantic City, back home, almost any place except here. You simply will be wasting time bothering with the capital.

ACCORDING to the papers, about 20 leading universities and colleges sought to "honor" President Coolidge on their respective commencement days by conferring academic degrees on him.

If they were so anxious to "honor" him, why didn't they go ahead and do the conferring? But it's to be noted that, in almost every instance, the degree was contingent on the president's appearance in person to receive it.

Why? Were the universities

afraid they might "honor" the wrong president unless they had the only genuine one in the country corporately on hand, duly identified, mugged and thumbprinted?

Not a bit of it. What they had in mind wasn't so much "honoring" anybody as advertising, and not advertising President Coolidge, either.

The universities wanted the president just as each wants a crack football team—to make a splash for itself with.

The president is half a dozen times a "L.L.D." anyway. Evidently he didn't consider it necessary to have it rubbed in by an additional score of universities, for he accepted none of the latest batch of invitations to be "honored."

WHEN Secretary of Commerce Hoover called recently for a reorganization, reclassification and simplification, together with quite an extensive extermination, of the government's almost innumerable bureaus, boards and commissions, "employing several hundred thousand people, directly under the president, directly under Congress, or thrown hodge-podge into 10 different executive departments"—when Secretary Hoover did this, he outlined a job to make the hardest politician shudder.

The present system—just "grewed" bit by bit, until the war, during which and ever since which, it has "grewed" like a 1,000,000-horsepower mushroom. Its complications are inexpressible.

Compared with taking it apart, scrapping a lot of it and putting it together scientifically, destroying the whole government and creating a new one would be easy.

Besides, every stage of the work would be fought tooth and nail by officials, fearful of losing their jobs or a bite of importance.

However, Hoover so fully made out his case—duplication, inefficiency, waste, utter uselessness—that Congress simply will have to do something about it, probably at its next session.

LIVING WITHOUT A STOMACH

That's about how it is when your stomach is in first class order, you hardly know that you have one.

But what a difference when it isn't working right! You begin to think it is about the worst enemy you have and that it will get you sooner or later. You wish you could get along without it.

You need not get to that state if you will take care of the one you have. Treat it right by eating right, the things it should have, and not overload.

If you haven't taken care of it, and are bothered with indigestion, you can still help it out with Di-Jo. Here's a real aid to digestion. It is surprising how quickly you can be relieved of that heavy overloaded feeling after meals. Di-Jo Tablets taken after meals help your stomach digest the food. They help prevent gas and that bloating. Their ingredients are intended to absorb that gas. They neutralize the acid condition in the stomach, and help you get rid of that unpleasant belching and sour stomach. Just a few tablets necessary.

The various drugs used in Di-Jo are the same as those prescribed by very many family physicians for indigestion and deranged stomachs. Di-Jo is compounded by one of the best pharmacists in America. They are absolutely harmless.

Better get a bottle and either relieve your present disorder, or be prepared in case you should overeat or your stomach weaken and get you into misery. Your nearest druggist sells them.

If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

Save part of the Gasoline Tax—by Using Red Crown

The High-Grade Gasoline

Red Crown gives more miles per gallon. This is proved conclusively by stringent road tests, and by the expense records of thousands of companies and individual motorists.

By keeping your tank filled with Red Crown, you will realize a radical saving in your gasoline bills, thus overcoming to a large extent, the extra burden which the gasoline tax is placing on motorists. At the same time you will have the satisfaction of knowing that good roads are on the way.

Good roads guarantee the convenience which accrues from an adequate system of direct highways, and a substantial saving to you—lower upkeep cost, reduced repair bills, lower depreciation charges.

Red Crown guarantees more power and more ground covered per gallon. It has a complete unbroken chain of boiling point fractions. It vaporizes to the last drop.

Red Crown power never lapses or hesitates either on boulevards, bad roads or mountain grades. Fill up with Red Crown and save money.

REGULAR TENANTS IN FIRST DIVISION

With Mid-Season Approaching, Clubs in National League are Settling Into Stride

REDS ARE DOING BETTER

After Having Lot of Tough Luck in Getting Started, They Are in Winning Streak

By HENRY L. FARRELL

(C. P. Staff Correspondent)

New York, June 12—As the teams stand on July 4, it is a legend of major league baseball, they will stand when the checkered flag falls in October.

With the mid-season approaching, the clubs in the National League, are settling into the stride that was predicted before the season started. There has been a lot of shaking and tumbling around but the first division is becoming occupied by regular tenants.

New York, Brooklyn Cincinnati, and Pittsburgh, running in that order, are where they were expected to be for the last half of the season, but the Cardinals in sixth place and the Cubs in the hole are out of place. The Cards are playing such good baseball that they may finish in the first division and the Cubs are a stronger team than the Phillies and the Braves.

After having a lot of tough luck in getting started, the Cincinnati Reds are getting back in their stride. They are on a seven game winning streak but they cannot hope to keep up that pace.

The American League is still in a tangle. The strong Tigers and Yankees do not belong in sixth and seventh places and the White Sox hardly rate a hold on third place. The Tigers may not snap out of their trance enough to get up in a contented position but the Yankees have prospects.

Babe Ruth is getting stronger every day and he has started to hit in real Ruth style. He hit his first homer of the year yesterday and although it failed to win the game, it is certain to have a moral effect on the team.

Helped by the fine pitching of Walter Johnson who has lost only three games this season, the champion Washington Senators are playing in good form and the Philadelphia Athletics have shown no dangerous signs of cracking. Unless the Yankees get along the pennant looks like a battle between Philadelphia and Washington.

KEEPING ONE EYE ON THE SCOREBOARD

Yesterday's Hero: Emil Yde, Pittsburgh southpaw, knocked in three runs with a single, a double and a triple, scored three runs himself and won his own game from the Braves 11 to 3.

Babe Ruth's first homer of the season was the only run scored off Walter Miller, a rookie southpaw and the Indians downed the Yankees 4 to 1. The defeat broke up the ninth winning streak of two games for the Yankees.

Sheely's double and Falk's single in the fourth inning pushed over the run that gave the White Sox a 6 to 5 victory over the Athletics.

Timely hitting in the pinches off Jess Haines gave the Robins a 7 to 5 victory over the Cards and their first game of the series.

Ken Williams, Brown outfielder, beat the Red Sox 9 to 7 with a homer and a triple with two runners on bases.

The Reds made it seven victories in a row when they downed the Phillies 8 to 3.

Percy Lee Jones, a rookie pitcher, pulled himself out of several bad holes caused by wildness and pitched the Cubs to a 7 to 4 victory over the Giants. It was the second time Jones downed the Giants.

Ty Cobb hit two doubles and a triple and helped the Tigers beat the Senators 7 to 4 after the American League pennant had been raised.

DUST

plays havoc with clothing when it is left in the fabric to grind away on the delicate fibres. You don't realize how much dust your clothing catches this time of year. One ride in an automobile over a dusty road and your clothing really should be cleaned. It can't be that often, but don't let your clothes be worn out months ahead of time just for the want of dry cleaning.

Society Events

There will be a dance Saturday evening at Price's hall in Glenwood.

Mr. and Mrs. Edward Churchill entertained their club Thursday evening at their home in North Main street. Three tables of bridge were in session during the evening and at the close refreshments were served.

The 4 H. Sewing club of Walker township will meet next Wednesday afternoon, June 17, at the home of Miss Julia Posz. The last meeting was held with Mrs. Inel. Sixteen members and two guests were present for this meeting, at the close of which refreshments of ice cream, cake and lemonade were served.

Mr. and Mrs. Edgar Bates entertained Thursday evening with a six o'clock dinner party at their home in East Tenth street in honor of Herschel Bates, who has just returned from an extended stay in Hamilton, Nev. Covers were laid for Mrs. Barbara Bates, Miss Mary Bates, Miss Nina Robertson and Herschel Bates.

The Woman's Home Missionary Society of the St. Paul's M. E. church enjoyed a splendid meeting Thursday afternoon, when the society was entertained by Mrs. Robert L. Tompkins at her home in East Seventh street. The leader of the program was Mrs. Mae Wellman. After the program a refreshing collation was served by the hostess.

PREVENTS INFECTION
The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Hargrove and Brown

Forfeits Beauty

Lucille Woodward, Hollywood screen actress, has filed suit against Dr. W. E. Balsinger, of Los Angeles, noted plastic surgeon, for \$25,000, charging that he caused her left eye to lose its "natural expression."

Mr. and Mrs. Frank M. Mills of Sioux Falls, S. D., the guests Wednesday of Mrs. Fanny Ayres in this city. Mr. Mills and wife came east to attend the commencement at Wabash College. Mr. Mills, who is ninety-four years old, is the oldest living graduate of that college. His brother, Webb Mills, who married Mrs. Ayres' sister, was also a graduate of Wabash.

Mrs. Doe Kirkpatrick entertained Wednesday evening at her home

north of the city, honoring the birthday anniversary of her husband. The following guests were present: Mr. and Mrs. Garney Hinchman, Mr. and Mrs. John Kirkpatrick, Mr. and Mrs. Charles Cecil and Mrs. Nina Cecil, Mr. and Mrs. Smith of Knightstown, Mrs. Lowry and children, Mrs. Lena Hobbs and children of Fairfield, Ind.

Miss Wilma Miriam Bundy and Clifford Ewbank, were married Thursday afternoon at two o'clock at the parsonage of St. Paul's Methodist Episcopal church, by the Rev. Mr. H. W. Hargett. The bride was beautifully attired in a rust colored ensemble. She is the daughter of Mrs. Mary Bundy, and they formerly lived in Carthage. She has been a teacher in the county schools for several years, teaching more recently at Circleville. Mr. Ewbank is a farmer and truck driver, and has been living northeast of Rushville. The couple left in a machine after the wedding for a visit at Aurora and Cincinnati, and after June 20, they will be at their newly furnished home, 309 West Third street, this city.

The forty-sixth annual encampment of the Indiana department of the Grand Army of the Republic and affiliated organizations held at Princeton, Ind., came to a close at noon Thursday. The delegates attending from this city pronounced it as the most successful held in recent years. In the list of newly elected officers for the ensuing year, Mrs. Edna Dagler of this city was chosen treasurer of the Ladies of the Grand Army; and Mrs. May Bryant, also of this city, was chosen press correspondent for the Sons of Veterans auxiliary.

The number of visitors was small in comparison to encampments held in central Indiana in former years, but what this year's encampment lacked in numbers, it made up in enthusiasm.

Waiting

Just six hours before she was to have been married Miss Sara Arena, Oakland (Calif.) society girl, learned that the groom, William T. Vellguth, had eloped to Mexico with a girl he had met ten days before. She received this news while holding a final rehearsal for the wedding with the bridesmaids. The church had been decorated, the trousseau was ready and a home had been built.

How Cold is Your Refrigerator?

A difference of five degrees in a refrigerator is just the difference between having foods crisp and cold and having them damp and cool. It may also be the difference between good health and sickness.

WHITE FROST
REFRIGERATORS

Authorities maintain that bacteria thrive in food not kept below 50 degrees in temperature. Put a thermometer in your refrigerator and see what the temperature is!

The White Frost is completely enamelled inside, is clean and sanitary. Its double metal jackets with dead air space carefully sealed between and its ground cork insulation insure the keeping of foods at proper temperatures.

Let us show you this economical, efficient refrigerator. We have an interesting booklet for you, "What You Should Know About a Refrigerator"

for Steady Nerves!

Riding a girder is not a job for a nervous man.

BUT no one is nervous by choice. There is a way that you may so strengthen your body that the nervous system will be cushioned on sound muscles and flesh. But this condition will not come about unless you have rich red-blood-cells. Red-blood-cells are the most important thing in all the world to each of us. More red-blood-cells! That's what you need when your nerves give way and you cannot control yourself.

S.S.S. will prove to you its "Why" and "How" reason. Since 1826 S.S.S. has helped thousands. Because S.S.S. does build blood-power, it builds you up when you are run-down, clears the system of blood impurities, routs so-called skin disorders—and stops rheumatism, too.

This is why S.S.S. is accepted as the greatest of all blood purifiers, blood builders and system strengtheners. Start taking S.S.S. today. Its medicinal ingredients are purely vegetable. Your nerves will become stronger, you will have more energy, vitality and vigor and a more up and going appearance.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. Makes You Feel Like Yourself Again!

PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before June 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone.

ORGANIZATION IN COUNTY IS FIRST

Bankers Will Have to Form Associations Before Organizing Along Iowa Plan

TO THWART BANK BANDITS

Scheme Being Taken up in State
Endorsed by Group 6, Attended
by Local Bankers

Formation of a Rush county organization of bankers will be the next step if the Iowa plan to curb bank banditry, which was endorsed at the Group 6 meeting of the Indiana Bankers Association near Greensburg Thursday, is attempted in this county.

Rush county bankers were organized during the war to promote sales of government bonds and war savings stamps, but since that time the organization has not been functioning, and a reorganization will have to be effected if anything is accomplished along this line, it is said.

Bert Benner, president of the First National Bank of Mays, has been suggested as president of a county organization and it is stated that he is interviewing Rush county bankers to learn their sentiment regarding the vigilante committees.

All of the banks in the county, with the exception of the Rush County National of this city, the Manilla, Carthage and Falmouth banks were represented at the Group 6 meeting, which was held at Allen's Amuse-U park west of Greensburg.

Rush county bankers attending were as follows: Wilbur Stiers, J. L. Cowing, Alvan Moor, John A. Tinsworth and Albert Winslow of the Rushville National bank, Glen Foster of the American National bank, Bert Traub of the Farmers Trust company, Bert Benner of the Mays bank, Clarence Brown of the Milroy bank, Lloyd Nelson of the First National Bank of Milroy, Tom Kelson and Edgar Stiers of the New Salem bank, Earl Downey of the Arlington bank and Tom Richardson of the Glenwood bank.

Ross C. Saunders, ex-chief of police of Des Moines, Iowa, originator of the plan to protect banks against holdups, spoke to the Group 6 meeting before the resolution of endorsement was passed. He advocated organization of groups of citizens trained in the use of firearms and deputized as aids to law enforcement officials.

Mr. Saunders told of the success of this plan in fighting bank bandits in Iowa. A. C. Brown of Greensburg urged adoption of the protective plan on a state-wide scope. William H. Kershner, adjutant general of Indiana, pledged the support of the National Guard in eradicating bank robberies.

Nearly five hundred bankers and their families from the district assembled at the park for the convention. The Decatur County Bankers' Association was host to the visitors at a noon banquet at the park pavilion.

The meeting was called to order by C. F. Gausman of Dillsboro, district chairman. Charles V. Spencer of Clarksburg, president of the Decatur County Bankers' Association, welcomed the visitors. J. V. Carpenter, president of the Indiana Bankers' Association, extended greetings to the district bankers.

FOUR MEMBERS OF CLUB GOING

Rushville Rotarian to Attend International Convention at Cleveland

The Rushville Rotary club will be represented by four members, including three officers, at the sixteenth annual convention of Rotary International, which convenes at Cleveland, Ohio, next Monday, and continue until Friday.

The local delegation will be composed of George J. Griesser, president; Donald D. Ball, secretary; H. B. Allman, members of the board of directors, and E. R. Casady, former director.

It is estimated that the attendance at this year's convention will be the largest in the history of the organization. Twenty-nine countries will be represented and the number will be close to 12,000, it is predicted.

DIES SOUTH OF GREENSBURG

Thomas Younger, Age 56, Formerly Resided in Rushville

Thomas Younger, age 56, formerly of this city, died early this morning at his home, eight miles south of Greensburg, where he had been living for four years, moving from this city. He had been ill for sometime, but his death was rather sudden and unexpected. Funeral arrangements were not completed today, but his body will be brought here for burial, and services will be announced later.

He is survived by his wife, and his father, A. M. Younger, 828 West Tenth street, this city. He also leaves two children by a former marriage, Davis Younger of this city and Mrs. Sallie Handy of Indianapolis. Two sisters and two brothers also survive. They are Mr. Milton Perry and Mrs. Frank McFarland of this city, Chaley Younger of Ohio and John Younger of Kentucky.

BUILDING COMMITTEE MEETS AN ARCHITECT

Plans Going Forward for Erection of New School Building, With Preliminary Step Taken

ASSOCIATION TO BE AN AID

The building committee of the Rushville Public School Athletic association went to Indianapolis today to consult with an architect regarding plans for a new school building, which will house the Rushville high school gymnasium.

The architect has been selected and will go ahead with plans for the building if a contract to be submitted to him today is signed. He has been in consultation with the building committee of the association, which will co-operate with the Rushville school board in the erection of a building, and understands just what is desired here.

Articles of incorporation for the association will be filed shortly, incorporating it as a non-profit corporation, which will collect money pledged as loans without interest for the erection of a gymnasium, and have charge of repaying the loans from net receipts of athletic contests held in the gymnasium.

It was decided this week that the cheapest and best way to erect a gymnasium and still have part of it available for school classes, would be for the school board to issue bonds to pay for half of the building, and the board has taken the preliminary steps to do this. The building will be more than a gymnasium, as there will be provisions for vocational class rooms and provide adequate room for physical education.

MORE APPLICATIONS FOR CAMP WILL BE ACCEPTED

Although County Quota is Filled, Others May Apply for Citizens' Training Camp

SHOULD SEE H. B. ALLMAN

Although the quota for Rush county had already been filled for the Citizen's Military training camp, more applications will be received until Tuesday, according to word received today from the state chairman of Indianapolis.

The quota from this county was first listed as eight, but because other counties have not reached their allotment, it leaves applications unfilled, and any others desiring to attend the camp this summer should consult at once with H. B. Allman, city school superintendent.

The Citizen's Military training camps combine pleasure, recreation and a constructive educational program, all in one. A month spent in one of these camps will prove invaluable to any young man, according to Mr. Allman. The entire expense of the camp is paid by the government, thus giving to every applicant accepted, a month of vacation under the most wholesome and stimulating conditions.

The camp at Ft. Benjamin Harrison begins July 8 and closes August 6. The one at Camp Knox extends from July 1 to 30.

CHANGE IN DATES IS SATISFACTORY TO JUDGE

C. E. Troyer of LaFontaine, Ind., Writes That He Will Be Here for County Corn Show

CALLS IT BEST EVER HELD

Word has been received from C. E. Troyer of LaFontaine, Wabash county, who acted as judge at the last Rush County Corn Show and who has been engaged for this year's show, that a change in date will be satisfactory to him. The show will be held December 10, 11 and 12.

Mr. Troyer stated, in accepting the change in date, that he would be here ready to begin judging when the time for entries closed and would remain until all of the corn had been judged.

"Last year's show," he wrote, referring to the Rush county event, "was the best ever staged by a county. From present plans, the next show should be considerably better. Rush county is coming fast."

This statement from a corn grower who has been international corn king is regarded as a compliment to Rush county. The show will be on a much larger scale next December because of the Rush County Boys' Corn Club show, which will be an added feature.

GOV. JACKSON DECLINES TO ACT

Says Indiana Will Not Accept Defense Day Invitation For July 4

Indianapolis, Ind., June 12—Governor Jackson today declined the invitation of the war department for Indiana to participate officially in Defense Day, July 4.

He gave lack of sufficient time to prepare for the event as reason for refusal.

"After conference with the officers of the military department of the state and the reserve officers organization, it is the unanimous opinion that we would not have time to make adequate preparation," Governor Jackson said in a letter to Dwight F. Davis, acting secretary of war.

GOT TYPHOID FROM OYSTERS, DEFENSE

Dr. Rufus Stolp Testifies Billy McClintock Admitted Them Before He Became Ill

ATTENDED YOUTHFUL HEIR

Co-Guardian Says He Had Difficulty Keeping Trace of Boy, Due to Shepherd's Actions

(By United Press)

Chicago, Ill., June 12—Attorneys for William D. Shepherd today attempted to show that Billy McClintock died from typhoid fever contracted through eating raw oysters. Through cross examination of Dr. Rufus Stolp who attended Billy during his fatal illness, it was brought out that Billy admitted eating oysters before he became violently ill.

"How long in your judgment does it take for typhoid fever germs to show their effect?" Dr. Stolp was asked.

"From one to two weeks," Shepherd, who is accused of murdering his wealthy ward by feeding him typhoid fever germs, leaned back in his chair and grinned at the witness.

It is Shepherd's contention that Billy's illness was contracted by eating a banquet with his fiancée, Miss Isabelle Pope, at which raw oysters were served.

Dr. Stolp had been called as a state's witness and told of Billy's first symptoms. He said he did not suspect typhoid fever until the case was far advanced.

"Later, I was convinced," the witness said, "that the young man was suffering a very malignant case of typhoid fever."

William Scott Stewart, Shepherd's chief counsel, claimed the physician's testimony as an important defense victory especially when Dr. Stolp admitted that there was an epidemic of typhoid fever in the neighborhood of Billy's home.

Dr. James Herrick, a typhoid specialist, who was called in to assist Dr. Stolp during Billy's illness was the net witness. His testimony was largely a corroboration of Stolp's statements and again Shepherd's lawyers claimed a victory.

The story of Billy's boyhood was related from the witness stand by one of Billy's guardians, who is testifying in an effort to prove that his ward was killed by Shepherd, husband of the youth's second guardian.

TERRIFIC RAIN STORMS AND WIND DAMAGE CROPS

Minnesota, Iowa, Nebraska, Wisconsin and Kansas Swept by Cloudburst During Night

SHOWERS ARE PREDICTED

(By United Press)

Chicago, June 12—Hundreds of thousands of dollars damage was reported to crops throughout the middlewest today, as the result of terrific rains, storms and strong winds last night.

Thirty six hours of rain in which hail was freely interspersed, deluged southern Minnesota, causing \$250,000 damage to truck gardens.

At Charles City, Iowa, and throughout the north central section of the Hawkeye state, the weather bureau reported four inches of rainfall. At Sioux City, Iowa, and in eastern Nebraska, the wind reached a velocity of 60 miles an hour and uprooted trees, sign boards and early grain.

Throughout the southwest and central portion of Wisconsin, the rain doused the country in cloudburst portions, while violent thunderstorms with a heavy play of lightning hit Kansas.

Cooler weather Saturday was the prediction today, following a rise in temperature during the night. A strong breeze today helped make the atmosphere agreeable.

Thundershowers are forecast for tonight. Truck gardeners and farmers were hoping for a general rain because crops are being badly damaged by the drought.

The camp will be held this summer for the eleventh successive season.

Boys of Rushville and vicinity will be given an opportunity to attend, and those who are interested are requested to be present tonight and hear the details of the plan. Parents of boys who wish to go are also requested to be present.

ARLINGTON TO BUILD ADDITION TO SCHOOL

Improvement Necessary for High School to Retain its Commission From State Department

CLASS ROOMS CONGESTED

The advisory board of Posey township and J. Hampton Reeves, the township trustee, are contemplating enlargement of the school at Arlington, according to a notice of the proposed bond issue as filed and published.

The remodeling or enlargement of school facilities in the township is made necessary if the consolidated school is to retain its high school commission from the state department, as notice to that effect was served some time ago.

The proposed expenditure on the Arlington school is for \$45,000, and plans call for an addition to the present school in order to meet the requirements of the state department and remove the congested class rooms. The new portion will be in the form of a wing, or an addition to the present building.

The commission for the school will be revoked this year unless the school authorities provide more room, and steps along this line are being taken to retain the commission.

REVOLT AGAINST RULE OF CHRISTIANS IS SEEN

Moslems of Africa and Confucians and Buddhists of Asia Focal Point of Trouble

CHINESE WANT MORE POWER

(By United Press)

The Moslems of Africa and Confucians and Buddhists of Asia are the focal point today of the most serious trouble facing the Christian world.

The Moslem Moroccans are in revolt against the rule of the Christian French and Spanish.

With rioting and bloodshed in Shanghai and Hankow, Civil war about Canton, the Chinese are rising in protest and reaching out for new power against the domination of all Christian nations, including America, which have established footholds in Chinese territory.

It is an unprecedented international situation and is being met by unprecedented procedures. Premier Painleve went by airplane from France to Morocco to investigate fighting conditions there.

Following him by air was A. L. Bradford, United Press Paris manager. Bradford accompanied the French premier today from Fez to Ain Aicha, as he continues his conferences with the French military leaders, Bradford is the only American correspondent with Premier Painleve.

POLICE ORDER IS "SHOOT TO KILL"

Suburbs and Outlying Banks in Indiana Being Closely Guarded by Details of Policemen

ABANDONED AUTO FOUND

No Trace, However, of Youthful Bandits Who Held up Sixteenth Branch Bank Thursday

(By United Press)

Indianapolis, Ind., June 12—Suburbs and outlying banks in Indianapolis were closely guarded today by picked details of policemen armed with sawed off shotguns and under orders to shoot to kill.

Orders for drastic steps to protect Indianapolis banks from bandits were issued by Mayor Shank late yesterday after a conference with bank officials and the board of public safety.

The mayor planned to draft thirty men from the fire department and reduce the number of policemen assigned to traffic work to increase the squads assigned to bank protection work.

A detail of twelve detectives went through the underworld districts of Indianapolis hunting suspects in the holdup of the Sixteenth street branch of the Fletcher Savings and Trust company yesterday.

Five state policemen were assigned to watch all roads leading out of Indianapolis for the two youthful bandits who escaped with \$3,100 from the bank.

The auto in which the bandits fled was found abandoned in a residential district late yesterday, but no trace has been found of the two men.

Mayor Shank scored the police department for hunting women who overparked their autos and "letting bank bandits get away without a struggle."

"This is a mighty bad thing for Indianapolis," Shank said, "and the bandits are getting bolder all the time."

"If there is another bank robbery in Indianapolis soon somebody is going to catch hell."

Meanwhile, officials of the Indiana Bankers Association hastened plans for organization of vigilante groups in every county of the state. Nine counties have already perfected their organizations and within two weeks the groups will be formed in the remaining counties.

Members of the vigilante committees will be trained in marksmanship and clothed with full police powers.

A reward of \$1,000 will be offered by the Indiana Bankers Association in each county of the state for the capture dead or alive, of any bank bandit.

Special rewards will be given telephone and telegraph operators aiding in spreading the news of bank holdups.

The total rewards offered will be nearly \$100,000 officials of the association said.

Under direction of William Kershner, adjutant general of the Indiana National Guard, guardsmen were being enrolled for special duty until the vigilante committees are organized.

It is planned to hold a dozen

WANTS STATE TO REVEAL CASE

Attorney of Stevenson and Aids Argue for Evidence

Noblesville, Ind., June 12—Striving to force the state to reveal its most important evidence, defense attorneys in the Stephenson murder case today argued in Hamilton county court in support of a motion to compel the prosecution to turn over the death bed statement of Miss Madge Oberholzer.

The defense is seeking the statement to prepare its fight next week on a move to secure the release on bail of D. C. Stephenson, Earl Klenck and Earl Gentry, charged with murder for the death of Miss Oberholzer.

William H. Remy, prosecutor of Marion county, bitterly opposed the defense move. He argued that the defense had no right to inspect evidence of the state in order to build up its case.

SICKLY, FEVERISH CHILDREN
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 36c. Sold by

Alexander Reichmann, an attorney who had control of the McClintock estate and was co-guardian of Billy with Mrs. Shepherd, was recalled by State's Attorney Robert E. Crowe to talk more about Billy and his care under the Shepherds.

Under the fire of questioning yesterday, Reichmann told the jury he had found difficulty in keeping a watch on the wealthy young ward because the Shepherds "insisted upon dragging him around all over the country on pleasure jaunts." His testimony was obtained with difficulty over vigorous objections by Shepherd's attorneys.

Physicians Are Prohibited From Dispensing Alcohol

Indianapolis, Ind., June 12—Physicians may receive alcohol under permits, authorized in the new bone dry prohibition law, but are prohibited from dispensing it, Attorney General Gilman ruled today in an opinion submitted to Robert Veddoe, secretary of the state board of pharmacy.

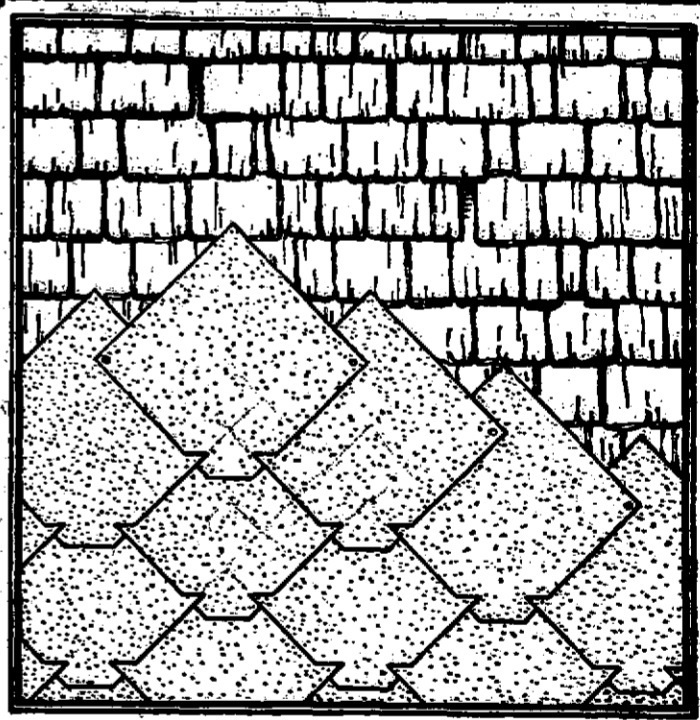

Druggists must procure two separate permits, one to receive alcohol and another to dispense it.

NEWS OF SUDDEN DEATH

Relatives here have received word of the sudden death of Mrs. Jane Hefflin, which occurred this morning at the late residence in Elwood. The deceased was a cousin of Mrs. James Powell in this city and was also a relative of Mrs. Mary Brown, formerly of this city, but now living in Shelbyville. No word was received as to the cause of the death or as to the time of the funeral services.

guardsmen in readiness for immediate service in each community to chase bank bandits and later to use the guardsmen as the nucleus for the vigilante committees.

Fifty guardsmen are being enrolled in Indianapolis for service in the war on bandits, and Kokomo has already mustered a detachment.

A dozen special operatives have been added to the staff of the protective division of the Indiana Bankers association.

Guard Plans Dropped

Indianapolis, Ind., June 12—Plans for swinging national guard troops into action against bank bandits in Indiana have been dropped for the present, it was learned today at the state house.

Several high officials of the guard, including Major General Robert H. Tyndall and Col. Robert Astelle, went in conference with adjutant General Kershner on the situation.

Cass County Banks Organize

Logansport, Ind., June 12—Cass county bankers have appropriated \$25,000 to equip county banks with a silent alarm system and purchase guns to battle bank bandits.

Special Officers Armed

Franklin, Ind., June 12—Sixteen special officers armed with rifles were hired today to patrol Johnson county to aid in the statewide campaign to curb bank banditry.

Rollin A. Turner of Greensburg delivered an address on "Good Citizenship." During the afternoon several musical selections and readings were given by Greensburg people.

At the annual business session officers for the ensuing year were elected as follows: Walter W. Bonner, Greensburg, president; Walter Hungerford, Shelbyville, secretary; Charles F. Gansman, Dillsboro, member of the nominating committee; Louis E. Goodrich, Shelbyville; Claude Kitterman, Cambridge City; Charles Dehmer, Columbus; Frank Riley, Vevay, and Clifford Benish, Butlerville, members of the executive committee.

The newly elected president is cashier of the Third National bank of Greensburg, and served as secretary of the district association during the last year. The 1926 meeting will be held at Shelbyville.

TWO UNDER KNIFE

John Kendall of Glenwood and Miss Janet McCann, daughter of the Rev. Mr. and Mrs. E. C. McCann of Spring Hill, underwent operations at Dr. Frank Green's hospital this morning for the removal of tonsils. Both patients are reported to be doing well.

All Because of a Cow!

And this all happened because a cow was on the track! A Frisco flyer, eastbound, struck bossy near Bristow, Okla., and promptly went into the ditch. Luckily, only the engineer, J. W. Hinkley, was hurt. Oh yes, and they're still looking for the cow.

Deliverance Amid Trials:
When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee. Isaiah 43:2.

Prayer:—Our Father, we thank Thee that Thou art our refuge and strength, a very present help in trouble.

Safeguarding Payrolls

Thirty-two men shot down, and \$1,500,000 in cash stolen!

That is twelve months' toll of the payroll bandit—a toll that is all the more appalling because payroll banditry falls within the category of preventable crimes.

The loss of millions of dollars annually through various forms of commercial fraud is attracting the serious study of the American business man. Fiduciary bonds are being used to protect against embezzlement. Stock frauds are being attacked through "blue sky" legislation. Mechanical devices, safety papers and insurance are combining to defeat the forger. National organizations and the courts are waging relentless war on credit frauds. Neither insurance, legislation nor the courts can save the victim of the bandit's gun, however. That is why industries throughout the United States are turning to the bank check, instead of currency, in meeting payrolls.

It is indeed a happy combination of circumstances that the payroll check should carry with it substantial benefits in addition to its effectiveness in cheating the bandit. The check system, according to reports of industries and business organizations of national importance, saves time for employer and employee in disbursing the payroll; eliminates errors and simplifies the keeping of a permanent record of wages paid; protects employees from losses due to lost or stolen pay envelopes; builds bank balances; encourages thrift and ultimately home ownership; and secures friendlier relations between employer and employee.

The fact that some of the country's largest industries are using the check plan successfully is a striking tribute to its practicality. The added fact that fancied objections on the part of employer or employee, or both, have almost invariably been dissipated when the plan was actually tried out, is still more eloquent testimony to its real business usefulness.

Earning Capacity of Roads

Roots and Herbs Used In Medicine

The Lydia E. Pinkham Medicine Co., of Lynn, Mass., is recognized as the greatest user of roots and herbs in the world. Over half a million pounds are used annually in manufacturing Lydia E. Pinkham's Vegetable Compound. These herbs are gathered with the greatest care at the season of the year when the medicinal elements which they contain are at their best. This, in part, accounts for the wonderful efficiency of Lydia E. Pinkham's Vegetable Compound in restoring ailing women to health and strength.

that are current about road improvement.

"For the movement of every vehicle over a road, there is a certain cost, which is less if the road be improved than if it be left in a state of nature. Logically, therefore, the limit that should be placed on expenditures for road improvement is the amount that can be saved in vehicular operating costs. All roads should be improved to the maximum degree that their traffic justifies, but no road should be improved beyond its earning capacity."

Another mistaken idea is that there is such a thing as a permanent road. However state highway departments now understand that all roads, regardless of type, gradually depreciate and wear out under the wheels of vehicles and action of the weather. Some types wear longer than others and highway engineers are constantly endeavoring to determine which wear longest.

Stewart Washington Letter.

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON—Nobody home. That's the hot weather rule in Washington—the almost invariable rule, so far as persons of the slightest importance are concerned—of the slightest importance officially or socially.

There probably isn't another city in the world which empties itself so completely during the summer. For one thing, it's mighty hot. For another, it's the fashion.

To be caught here in June, July or August is disgraceful—if you amount to anything.

Not but what government business goes on as usual, but it's transacted by assistants.

They understand it better, on an average, than the department heads. Many of them have spent lifetimes on the jobs they handle. Their bosses are just serving comparatively about political terms.

As for actual accomplishment, there doubtless is more of it right now than with all the impressive chiefs on hand to butt into matters they're unfamiliar with.

But if, for some reason or other, you do want to see one of these exalted individuals, his office in Washington's the last place where you're likely to find him at present.

Try Bar Harbor, Newport, Atlantic City, back home, almost any place except here. You simply will be wasting time bothering with the capital.

ACCORDING to the papers, about 20 leading universities and colleges sought to "honor" President Coolidge on their respective commencement days by conferring academic degrees on him.

If they were so anxious to "honor" him, why didn't they go ahead and do their conferring? But it's to be noted that, in almost every instance, the degree was contingent on the president's appearance in person to receive it.

Why? Were the universities

afraid they might "honor" the wrong president unless they had the only genuine one in the country corporately on hand, duly identified, nudged and thumbed?

Not a bit of it. What they had in mind wasn't so much "honoring" anybody as advertising, and not advertising President Coolidge, either.

The universities wanted the president just as each wants a crack football team—to make a splash for itself with.

The president is half a dozen times "L. D." anyway. Evidently he didn't consider it necessary to have it rubbed in by an additional score of universities, for he accepted none of the latest batch of invitations to be "honored."

WHEN Secretary of Commerce Hoover called recently for a reorganization, reclassification and simplification, together with quite an extensive extermination, of the government's almost innumerable bureaus, boards and commissions, "employing several hundred thousand people, directly under the president, directly under Congress, or thrown hodge-podge into 10 different executive departments"—when Secretary Hoover did this, he outlined a job to make the hardest politician shudder.

The present system just "grows," bit by bit, until the war, during which and ever since which, it has "grown" like a 1,000,000-horsepower mushroom. Its complications are inexorable.

Compared with taking it apart, scrapping a lot of it and putting it together scientifically, destroying the whole government and creating a new one would be easy.

Besides, every stage of the work would be fought tooth and nail by officials, fearful of losing their jobs or a unit of importance.

However, Hoover so fully made out his case—duplication, inefficiency, waste, utter uselessness—that Congress simply will have to do something about it, probably at its next session.

Worry is great stuff. It is about the only thing that can make most of us sick.

LIVING WITH-OUT A STOMACH

That's about how it is, when your stomach is in first class order, you hardly know that you have one.

But what a difference when it isn't working right! You begin to think it is about the worst enemy you have and that it will get you sooner or later. You wish you could get along without it.

You need not get to that state if you will take care of the one you have. Treat it right by eating right, the things it should have, and not overload.

If you haven't taken care of it, and are bothered with indigestion, you can still help it out with Di-Jo. Here's a real aid to digestion. It is surprising how quickly you can be relieved of that heavy overloaded feeling after meals. Di-Jo Tablets taken after meals help your stomach digest the food. They help prevent gas and that bloating. Their ingredients are intended to absorb that gas. They neutralize the acid condition in the stomach, and help you get rid of that unpleasant belching and sour stomach. Just a few tablets necessary.

The various drugs used in Di-Jo are the same as those prescribed by very many family physicians for indigestion and deranged stomachs. Di-Jo is compounded by one of the best pharmacists in America. They are absolutely harmless.

Better get a bottle and either relieve your present disorder, or be prepared in case you should overeat or your stomach weaken and get you into misery. Your nearest druggist sells them.

If you are troubled with constipation take Di-Jo. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

Save part of the Gasoline Tax—by Using Red Crown

The High-Grade Gasoline

Red Crown gives more miles per gallon. This is proved conclusively by stringent road tests, and by the expense records of thousands of companies and individual motorists.

By keeping your tank filled with Red Crown, you will realize a radical saving in your gasoline bills, thus overcoming to a large extent, the extra burden which the gasoline tax is placing on motorists. At the same time you will have the satisfaction of knowing that good roads are on the way.

Good roads guarantee the convenience which accrues from an adequate system of direct highways, and a substantial saving to you—lower upkeep cost, reduced repair bills, lower depreciation charges.

Red Crown guarantees more power and more ground covered per gallon. It has a complete unbroken chain of boiling point fractions. It vaporizes to the last drop.

Red Crown power never lapses or hesitates either on boulevards, bad roads or mountain grades. Fill up with Red Crown and save money.

REGULAR TENANTS IN FIRST DIVISION

With Mid-Season Approaching, Clubs in National League are Settling Into Stride

REDS ARE DOING BETTER

After Having Lot of Tough Luck in Getting Started, They Are in Winning Streak

By HENRY L. FARRELL
(C. P. Staff Correspondent)

New York, June 12—As the teams stand on July 4, it is a legend of major league baseball, they will stand when the checkered flag falls in October.

With the mid-season approaching, the clubs in the National League, are settling into the stride that was predicted before the season started. There has been a lot of shaking and tumbling around but the first division is becoming occupied by regular tenants.

New York, Brooklyn Cincinnati, and Pittsburgh, running in that order, are where they were expected to be for the last half of the season, but the Cardinals in sixth place and the Cubs in the hole are out of place. The Cards are playing such good baseball that they may finish in the first division and the Cubs are a stronger team than the Phillies and the Braves.

After having a lot of tough luck in getting started, the Cincinnati Reds are getting back in their stride. They are on a seven game winning streak but they cannot hope to keep up that pace.

The American League is still in a tangle. The strong Tigers and Yankees do not belong in sixth and seventh places and the White Sox hardly rate a hold on third place. The Tigers may not snap out of their frame enough to get up in a contented position but the Yankees have prospects.

Babe Ruth is getting stronger every day and he has started to hit in real Ruth style. He hit his first homer of the year yesterday and although it failed to win the game, it is certain to have a moral effect on the team.

Helped by the fine pitching of Walter Johnson who has lost only three games this season, the champion Washington Senators are playing in good form and the Philadelphia Athletics have shown no dangerous signs of cracking. Unless the Yankees get along the pennant looks like a battle between Philadelphia and Washington.

KEEPING ONE EYE ON THE SCOREBOARD

Yesterday's Hero: Emil Yde, Pittsburgh southpaw, knocked in three runs with a single, a double and a triple, scored three runs himself and won his own game from the Braves 11 to 3.

Babe Ruth's first homer of the season was the only run scored off Walter Miller, a rookie southpaw and the Indians downed the Yankees 4 to 1. The defeat broke up the ninth winning streak of two games for the Yankees.

Sheely's double and Falk's single in the fourth inning pushed over the run that gave the White Sox a 6 to 5 victory over the Athletics.

Timely hitting in the pinches off Jess Haines gave the Robins a 7 to 5 victory over the Cards and their first game of the series.

Ken Williams, Brown: outfielder, beat the Red Sox 9 to 7 with a homer and a triple with two runners on bases.

The Reds made it seven victories in a row when they downed the Phillies 8 to 3.

Percy Lee Jones, a rookie pitcher, pulled himself out of several bad holes caused by wildness and pitched the Cubs to a 7 to 4 victory over the Giants. It was the second time Jones downed the Giants.

Ty Cobb hit two doubles and a triple and helped the Tigers beat the Senators 7 to 4 after the American League pennant had been raised.

The following guests were present: Mr. and Mrs. Gurney Hinchman, Mr. and Mrs. John Kirkpatrick, Mr. and Mrs. Charles Cecil and Mrs. Tina Cecil, Mr. and Mrs. Smith of Knightstown, Mrs. Lowry and children, Mrs. Lena Hobbs and children of Fairfield, Ind.

Miss Wilma Miriam Bundy and Clifford Ewbank, were married Thursday afternoon at two o'clock at the parsonage of St. Paul's Methodist Episcopal church, by the Rev. Mr. H. W. Hargett. The bride was beautifully attired in a rust colored ensemble. She is the daughter of Mrs. Mary Bundy, and they formerly lived in Carthage. She has been a teacher in the county schools for several years, teaching more recently at Circleville. Mr. Ewbank is a farmer and truck driver, and has been living northeast of Rushville. The couple left in a machine after the wedding for a visit at Aurora and Cincinnati, and after June 20, they will be at their newly furnished home, 309 West Third street, this city.

The forty-sixth annual encampment of the Indiana department of the Grand Army of the Republic and affiliated organizations held at Princeton, Ind., came to a close at noon Thursday. The delegates attending from this city pronounced it as the most successful held in recent years. In the list of newly elected officers for the ensuing year, Mrs. Edna Dagler of this city was chosen treasurer of the Ladies of the Grand Army; and Mrs. May Bryant, also of this city, was chosen press correspondent for the Sons of Veterans auxiliary.

The number of visitors was small in comparison to encampments held in central Indiana in former years, but what this year's encampment lacked in numbers, it made up in enthusiasm.

Waiting

Just six hours before she was to have been married Miss Sara Arena, Oakland (Calif.) society girl, learned that the groom, William T. Veilguth, had eloped to Mexico with a girl he had met ten days before. She received this news while holding a final rehearsal for the wedding with the bridesmaids. The church had been decorated, the trousseau was ready and a home had been built.

How Cold is Your Refrigerator?

A difference of five degrees in a refrigerator is just the difference between having foods crisp and cold and having them damp and cool. It may also be the difference between good health and sickness.

WHITE FROST REFRIGERATORS

Authorities maintain that bacteria thrive in food not kept below 50 degrees in temperature. Put a thermometer in your refrigerator and see what the temperature is!

The White Frost is completely enamelled inside, is clean and sanitary. Its double metal jackets with dead air space carefully sealed between and its ground cork insulation insure the keeping of foods at proper temperatures.

Let us show you this economical, efficient refrigerator. We have an interesting booklet for you, "What You Should Know About a Refrigerator."

Movies

Zane Grey Picture

After a brilliant sortie into romantic old England as Dick Turpin, Tom Mix has returned to his no less romantic West as Jim Lassiter in Zane Grey's "Riders of the Purple Sage," the William Fox production which opened at the Princess theatre today.

"Riders of the Purple Sage" is up to the high standard which might be expected of a combination of Tom Mix, Zane Grey and William Fox. It is a typical Mix picture, full of the villainy, chivalry and grandeur of the West.

Mix does some excellent acting as the soft-spoken two-gun hero. Tony carriers his master through perilous situations and aids him with his horse sense. Lynn Reynolds, who directed the photoplay, has made the best of the excellent opportunities for showing the incomparable Mix in daring feats.

A mysterious masked boy rider is woven into the narrative, and the revelation of his identity is one of the surprises of the picture.

Mabel Ballin is charming in the role of Jane Withersteen, the girl rancher who falls in love with Lassiter. A subordinate love theme is delightfully played by Marian Nixon.

"Tiger Rose," Castle

The new film at the Castle theatre, which opened yesterday for a two day's showing, is "Tiger Rose," the Warner Brothers screen version of David Belasco's famous play of the same name.

Starring in this picture is Lenore Ulric, the Belasco star who made such a tremendous hit portraying the title role of this play on the legitimate stage. Miss Ulric once more outdid herself in her latest attainment, creating a sensation in the film version of her play.

Her acting in "Tiger Rose" is of that intangible quality so hard to define, but that very factor is responsible for her remarkable rise to fame, from a modest beginning to the coveted rank in the theatrical world—that of a Belasco star.

Lenore Ulric immortalizes this play and the character of the wild cat child of the Canadian woods, inheriting an instinctive hatred for all things religious, in her impersonation of "Tiger Rose." The character permits this talented actress to run the entire gamut of human emotions from the fearless child of the woods into the woman's sphere of romance and love where her heart is frayed and beaten by circumstances beyond her control.
